The BB-2590 Battery Pack - keeps you army on the move

The Denchi Power BB-2590 is a powerful battery, incorporating the latest in Lithium-ion cell technology. It provides high capacity and benefits from Denchi Power's strong heritage of developing and delivering batteries for use in the most extreme conditions for both military and aerospace applications.

The Denchi Power BB-2590 is a world class battery specically designed and manufactured for demanding military use. This standard battery format has a rugged connector interface that ensures the battery can be re-charged from any Level 3 Smart Charger. It offers a cost effective, rechargeable solution for battlefield operations which is simple and reliable to use.

Features

- Extended battery life
- Improved internal power manager
- Improved cycle life
- Increased capacity
- Extended temperature range
- Rapid charging capability
- High-rate discharge
- Lightweight
- Waterproof
- RoHS compliant
- Connector SC-C-179495 compliant
- High specific energy (200 Wh/Kg)

Denchi Power Batteries

BB-2590 Lithium-ion Battery Pack 9.3Ah

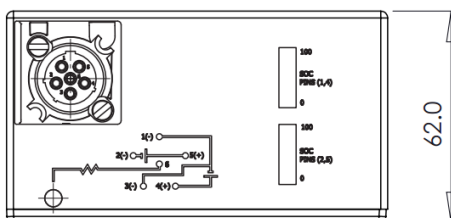

Specifications

Technology	Lithium-ion
Voltage Range	20-32.8V (24V mode) 10-16.4V (12V mode)
Capacity	9.3 Ah (28.8V Nominal) 18.6 Ah (14.4V Nominal)
Charging	16.8V@3A Maximum
Max Continuous Discharge Current	10±0.5A (24V mode) 20±1A (12V mode)
Length	111.5mm
Width	62.0 mm
Height	126.7 mm
Weight	1.34 kg
Operating Temperature	-30°C to +70°C
Storage Temperature Range	-40°C to +70°C
Application	Dismounted soldier

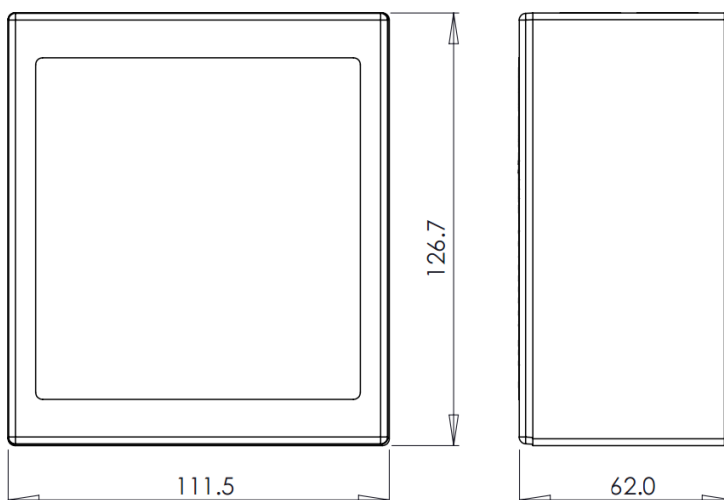

Safety Features - Dimensions

- Cell over-voltage
- Cell under-voltage
- Over-charge current
- Over-discharge current
- Over-temperature
- Cell mismatch
- Cell balancing
- LCD state of charge indicator

This battery is one of the latest in a long line of successful Denchi Power products that have delivered powerful energy solutions to soldiers operating in active theatres. Denchi Power continues to develop the latest battery and charger technologies, to meet the evolving needs of military forces
