HandiMate™ Optical Interconnect Maintenance Solutions

The new, enhanced HandiMate cleaner incorporates a synthetic cleaning cloth offering greater durability, usability and improved reliability.

The SHM-503 results in a handheld connector cleaner that is strong enough for aggressive cleaning of a wider range of contaminants, soils and end-face debris.

Stable, consistent, cleaning performance regardless of operator skill thanks to its patent pending Slide-Guide™ connector holder.

■ Key Features

- Extra durable, compact and highly reliable cleaner for connector end-face suitable for cleaning in the field and factory.
- Automatic “Clean and Advance” tape technology provides a fresh cleaning surface for each use eliminating waste and guaranteeing long tool life.
- Packaged in a handy palm sized unit, the unit enables more than 500 times cleaning. Works with both Simplex or Duplex applications.
- ESD Anti-static materials. Supports both PC and APC endface designs.
- Aggressively priced when compared to other hand-held field cleaning tools.

■ Applications

- Customer premises, troubleshooting / maintenance
- Pedestals, COs, Head-Ends, Routine Testing
- Installation / Assembly / Production environments

■ Specification/ Ordering Information

Part number	SHM-503
Applications	<ul style="list-style-type: none"> - Ideal cleaner for use in data centers – Supports ESD environments - Cleaning work at new network construction sites - Repair, Check and Maintenance work at Central Office facilities - Maintenance work at field transmission sites - Cleaning work for patch-cord at production assembly plants
Applicable Connector	Simplex SC, FC, ST, LC and MU (For PC and APC) Duplex LC/PC (Standard Pitch 6.25 and Narrow Pitch 5.25mm) Duplex MU/PC (Standard Pitch width 4.5mm)
Dimension	H110×W68×D28 mm (Cap opened)
Weight	80g
Operating method	Automatic Slide-Guide™ feed system
Usable life	Over 500 times
